Proceeds from the high school program are used in three ways: a 10 percent contribution to the high school general fund for such things as paid-assembly programs, the payment of concert expenses, and the purchase of needed music and material for the continued development and improvement of high school music programs.

The Music Department wishes to extend its sincere thanks to the many students and faculty members who have assisted in the preparation of this evenings program — to Mr. Torry Froisland and members of the administrative staff — and to Mike Autorino and the members of his custodial staff.
